

Technology Corner

Welcome to Lithia Springs Elementary School! The Douglas County School District is a G-Suite School District with one-to-one technology. This means each child is provided with a device to use for the school year. We require a \$25 fee to check the device out to the student. The fee also acts as insurance, covering the cost of a repair or damage once, if needed.

You may pay online by visiting our school's website: <https://lses.dcssga.org/>. Look for the "Parent Resources" link at the top of the page and then click on "Online Payments". You may also send in cash or check made payable to Lithia Springs Elementary.

You will receive a [Device User Agreement](#) soon. Please fill it out and return to the school as soon as possible, along with payment or receipt of payment online. Please also review and sign the [One-to-One Student Pledge](#) with your student.

We ask students not to remove any labels or barcodes on the devices. Students who remove or damage labels will be charged a \$5 fee to replace them. If a label on the device begins to peel off, please see Mrs. Roe or Mrs. Drake in the Media Center for repair.

FAQs

Do I have to pay the \$25 fee for each of my children? Yes the fee is required for each child who uses a school computer

What if I already have a laptop for my child? For network security, student safety, liability, and compatibility reasons, we request that students do not bring their own devices to school

Will my child be able to bring the laptop home? And if so, when? Third through fifth grade students will be able to bring laptops home to be used for school assignments only beginning around September as long as the \$25 fee has been paid and the User Agreement has been signed and returned.

REMINDER

The computers are property of Douglas County School System and as such, there is no expectation of privacy. They are for the sole use of the person to whom the computer is checked out for the purpose of school work only.
