Lithia Springs Elementary School's **21st Century CCLC "Cub Club"** is a part of the 21st Century Community Learning Center's federally funded grant program which concentrates on early intervention to help our students succeed in their education.

Our program is strategically designed to increase student academic skills, improve self-esteem and provide exposure to life-skills through hands-on activities. We currently provide academic tutoring and enrichment for 65 selected students in the first through fifth grades. This is a free program for qualifying students. Qualification for this program is dependent upon teacher referral as well as a student assessment to be examined by the directors of the program.

All students enrolled in the program will receive a daily snack. If school is not in session on a particular day or afternoon, this program will not be in operation. Transportation is provided for students living in the Lithia Springs school district. For additional information regarding the 21st Century CCLC "Cub Club" please contact either of the Cub Club Site Co-Coordinator, Mrs. Tiffanie Wright or Ms. Wendy Janice.

***For questions or concerns in relation to program spending or suspected misappropriation of these federal dollars, please contact the Douglas County School System finance office or call 770.651.2262.*
